Digital Marketing Strategy: Profitable Sales Funnel Fundamentals

Profitable Sales Funnel Fundamentals (Maggie Stara)

- Strategy x Implementation
- Great Marketing leaves our product on the eyes of your ideal costumer just at the right time
- Lifetime costumers

Who is your target audience?

- “Ideal Costumer Avatar”
  - [ ] Create 3 *
- You can be very specific about advertising
- “Emotional Triggers”
- This will help you to cater your products/services and your content to your costumer’s needs through out your entire Sales Funnel
- Go into as much detail as you can
- This will, inevitably, change over time with the actual costumer data that you acquire

- Build relationships
- Add value
- “The Best” isn’t always the same as “The best marketed”
- User generated content

- Put simply, a Marketing Funnel is: “A Marketing framework to turn strangers into costumers”
    - There are a lot of types of funnels depending on the business. There’s no right or wrong structure
- Organic content + Paid advertising

Top Of The Funnel

- Increase visibility. Make people (your target audience) know that you exist
- Organic traffic and Engagement: you want to attract the right audience. Make ***relevant*** content
- “TOFU” Metrics:
    - Social Media engagement + Percentage of new sessions
    - Web traffic
    - “Bounce rate”
    - Traffic per channel

  (^ setup **Google Analytics**)

  ** Don’t fixate too much on numbers, but rather your *success* throughout the Funnel. Also, beware that different types of websites may have different metrics based on their nature
- What type of content to create at this stage?
    - Funny/Engaging; Educational/Informational; Blog posts; Videos; Social Media posts; etc.
- Strategies:
    - Content Marketing: ultimately, you want to make high quality content, while also making sure that that the people seeing that type of content and media are “aligned” with your paid offers for that channel, for example
    - P.R. (** being featured)

      → Write *guest posts*
    - Social Media Marketing (Engagement)

→ Group I: Instagram; Facebook

** Needs more commitment and investment at first

→ Group II: Pinterest; Youtube; TikTok

** Makes discoverability easier

- SEO
- Leveraging Influencers and Joint Ventures

→ Promo codes

→ Affiliate links

- Paid Ads
